

UNAUTHORIZED DISTRIBUTOR / DEALER WARNING

ATV® brand security products are sold in the United States and Canada through a network of ATV® Authorized distributors and dealers (Authorized Resellers) selected by ATV®. Some of these resellers may have Internet sites on which they are authorized to sell a select mix of our products. ATV® resellers have been chosen for their ability to properly represent, sell, install and provide service for ATV® products. ATV® provides a warranty on products sold only by our authorized resellers. When purchasing ATV® products, be sure to look for the ATV Authorized Reseller logo, or contact our sales department at sales@atvideo.com.

Unfortunately, ATV® security products are sometimes advertised by companies and internet sites (e-commerce web sites) that are not authorized to do so. Products sold by these unauthorized companies and/or internet e-commerce web sites are not purchased from ATV®. Many subject web sites change names and locations frequently so they cannot be reached to solve customer problems. Due to these unauthorized business practices, ATV® products sold by these unauthorized companies are not entitled to ATV® warranty coverage. We are using our best efforts (including this warning) to prohibit these companies from taking advantage of consumers, but these practices still exist. We urge you to use diligence when selecting a reseller to make your purchase. The following websites are unauthorized sellers of ATV products:
